Length of Stay

For a Vaginal Delivery: 2-day stay, or a 48-hour stay.

For a C-Section Delivery: 4-day stay, or a 96 hour stay.

Sometimes our moms do not want to stay the full 2-day or 4-days. Once the OB and Pediatrician say it is safe for mom and baby to be discharged, and both doctors sign the discharge paperwork, mom and baby can be discharged.
