

# Finding a provider

Because Providence Health Plan is accepted by most doctors in Oregon and southwest Washington, chances are that employees will find exactly the providers they're looking for in our online provider directory. The "Find a Doctor" link is right on our home page.

## Search by a doctor's last name.

Looking for a new doctor? With Providence Health Plan, employees have access to our extensive national network of providers, offering quality health care in all 50 states. Search by entering a provider type and zip code.

## Employees can "Find a Doctor" online at [www.providence.org/healthplans](http://www.providence.org/healthplans)

The screenshot shows the Providence Health Plans website interface. At the top left is the Providence Health Plans logo. The main heading is "Find What You Need" with the subtitle "Health Care Provider, Pharmacy or Facility". Below this, there are two search options: "MEMBERS" and "VISITORS". The "MEMBERS" section includes a "Member ID:" input field with a "GO" button and a note: "For the fastest most accurate results, enter your Member ID to find providers covered by your plan. The location of your Member ID is circled in red." The "VISITORS" section includes a "Search all" option with a "GO" button and a "Search by specific plan" option with a dropdown menu labeled "Choose One" and a "GO" button. A small image of a doctor is on the left side of the page. The footer contains the copyright notice: "Copyright © 1997-2008 Providence Health Plans."

## Need more help finding a physician, clinic or pharmacy?

Employees may call our Customer Service team at 503-574-7500 or 800-878-4445, Monday through Friday, 8 a.m. to 5 p.m.

## There are lots of great reasons to go online.

Our online directory not only saves paper; it also ensures that you are getting the most up-to-date results. You also can narrow your search by gender, specialty or one of 38 languages, such as Spanish, Russian or Cantonese.

Looking for a pharmacy, urgent care clinic or hospital? You'll find dozens of options near where employees live, work or travel by selecting the appropriate provider category in the "I'm Seeking" drop-down menu.

How good is your family practice, general practice or internal medicine provider at preventing and managing disease? Our online rating system makes it easy to find a physician who is proactive about keeping you well.
