$5 MILLION

Free and discounted care for the uninsured and underinsured
$5 MILLION

*Data is consolidated based on unaudited financial reporting.

ADDRESSING HEALTH CHALLENGES IN OUR COMMUNITY
Our community health needs assessment guides our investments and partnerships. In 2019, we focused on access to health care and services, mental health and substance use services, and the social determinants of health and well-being, including housing and education.

BRINGING OUR MISSION TO LIFE
At Providence, we invest in improving community health across all seven states we serve. Called by our Mission, we are committed to serving all within our communities, especially the poor and vulnerable.
We believe health is a human right, and that health begins with a focus on wellness through primary care. We invest in the health of our communities by expanding access to care; educating challenged communities about healthy eating, fitness and preventive care; recognizing and managing social determinants of health; and addressing mental health as part of our commitment to whole person care. This all helps us realize our vision of health for a better world.
