Foundation News From St. Joseph Hospital Summer/Fall 2019

Nursing Excellence • Celebrating 90 Years of Healing

Events Calendar Summer/Fall 2019

The St. Joseph Hospital Foundation invites you to the following upcoming event. To reserve your tickets or for more information on any of our events, please call the Foundation office at **(714) 347-7900** or email us at **foundation@stjoe.org**. You can also visit our website at **sjo.org/waystogive**.

Celebration 2019

Saturday, October 12, 2019

City National Grove of Anaheim

Proceeds support The Nursing Center of Excellence

Mark the Big Day with a Gift

Are your friends and family searching for the right gift to mark your next birthday, anniversary or other milestone? Give them a hand by sharing this idea: They could make a donation to the St. Joseph Hospital Foundation in your honor.

Not only will they be helping you celebrate your big day, they'll also be helping us meet the health care needs of our community.

Our Foundation gratefully welcomes gifts of all kinds. For more information, please contact the Foundation at (714) 347-7900.

St. Joseph Hospital opened its doors on September 16, 1929 as the largest and most modern hospital in the area due to a growing need for health care in Orange County. With a 50-member medical staff and 190 beds, it echoed the vision of the founding Sisters of St. Joseph of Orange as being “the last word in magnificence and technology.” That vision has guided our ministry to achieve excellence throughout the years — from medical and technological firsts to recognition as a leader on the local, regional and national health care stage.

This year we celebrate our ministry’s 90th anniversary, a milestone that provides us an opportunity to reflect on our past, celebrate the present and commit ourselves to the future. A commemorative logo has been developed and will be incorporated into our communications for the remainder of the year to help heighten awareness of this important milestone. It was designed in reflection of our legacy of providing compassionate care to our community for nine decades, dating back to the original hospital building dedicated by the Sisters of St. Joseph of Orange in 1929. This facility, known today as the Sister Frances Dunn Building, continues to be an integral part of our culture.

Though many changes have taken place since 1929, one thing has remained the same: the dedication of our medical staff, caregivers, volunteers and community supporters. Because of you, we have become a ministry that responds to the changing health care environment, continually strives to meet the current and future needs of our patients, and honors and enhances our legacy of caring. Your support enables us to continue to provide high-quality, compassionate care to thousands of people every day, while creating a culture of excellence within every department, service and program.

We are proud to continue the rich heritage of the Sisters of St. Joseph of Orange by building on our legacy of providing care with compassion, dignity, justice, excellence and integrity. I am often reminded of Mother Bernard’s poetic words that are etched into the glass walls that surround the Patient Care Center: “I pray that you might find light, joy, and consolation to assist and serve the dear neighbor with an orientation toward excellence.” I thank you for your ongoing efforts and for your continued support in the future as we look forward to our next 90 years of healing.

Sincerely,

Jeremy S. Zoch, PhD, MHA, FACHE
Chief Executive, St. Joseph Hospital

I'm proud to serve on the nursing team at St. Joseph Hospital. The organization is constantly working to further improve their already high levels of patient safety and experience. The approach here is, "This is good. Now what can we do even better?"

— St. Joseph Hospital nurse

A Commitment to Nursing Excellence

"When we began our journey to create a Nursing Center of Excellence, we envisioned a nursing practice environment that was second to none," said Katie Skelton, RN, MSN, chief nursing officer and vice president of Patient Care Services. "We envisioned highly skilled, highly competent, autonomous nurses, working collaboratively within a strong interdisciplinary team. We knew that building this would begin with a major investment in our people."

St. Joseph Hospital has made, and continues to make, significant investments in advancing its nursing team. The Hospital has created a working environment that is conducive to learning, collaborative practice and outstanding patient care. Fostering the personal and professional development of our nurses has given rise to clinical experts, strong nurse leaders, a can-do spirit and a continual drive to push the limits of excellence.

As a testament to this work, St. Joseph Hospital has been recognized by the American Nurses Credentialing Center as a Magnet®-designated hospital for the past twelve years. This designation is the gold standard for excellence in nursing, the highest honor an organization can receive for professional nursing practice. The achievement reflects our caregivers' continued commitment to delivering high-quality, compassionate care to everyone we serve.

St. Joseph Hospital's Nursing Excellence Fund supports its 1,000 nurses through programs focused on continuing professional education, leadership development, and clinical research to improve patient care and clinical outcomes. It supports new technology tools to assist them in providing top quality care.

To ensure St. Joseph Hospital is always able to attract, retain and develop the best nurses — those who take pride in continually improving and developing new

ways of providing better care for our patients — we have established a Nursing Excellence Endowment Fund. This will support excellence in nursing into perpetuity.

St. Joseph Hospital's Nursing Excellence Fund to support current needs, along with the Nursing Excellence Endowment Fund to support future needs, represent a combined \$5-million priority in our Innovating for a Healthier Community comprehensive campaign.

To learn more about the Nursing Excellence Initiative, contact the Foundation at (714) 347-7900.

Celebration 2018 In Memory of Ron Moeller

Presented by Centaurus Financial, Inc., the Gooding-Barry & Immell Families and Satellite Management Company, Celebration 2018 raised over \$575,000 for the St. Joseph Hospital cancer navigator program, cancer research program and new linear accelerator at The Center for Cancer Prevention and Treatment.

More than 530 guests attended Celebration, the hospital's annual fundraising gala, at the City National Grove of Anaheim on Saturday, October 13. Attendees enjoyed a night of fine dining, silent and live auctions, a raffle drawing for a Chevy Equinox presented by Guaranty Chevrolet, and a live performance by the online musical phenomenon Postmodern Jukebox.

The annual Spirit of St. Joseph Award, which honors donors who

embody the spirit of St. Joseph in their generous work and who have demonstrated a long-term commitment to the hospital and its values, was presented to Kathy and Jim Gough, and Diana and David Margileth, MD.

This event marks the first time that the gala's proceeds exclusively benefitted The Center for Cancer Prevention and Treatment at St. Joseph Hospital, which is the first center of its kind in Orange

County to offer diagnostic screening, preventive services, clinical research and cancer treatment in one location.

Event Co-Chair and long-time hospital supporter Marsha Moeller shared why she continues to raise awareness about cancer and the importance of philanthropy after losing her husband Ron Moeller to lung cancer in 2016. "After his diagnosis in 2010, Ron made it his mission to help fund critical services

for The Center for Cancer Prevention and Treatment at St. Joseph Hospital. Not only did the hospital help Ron and our family battle cancer for more than six years, but they offered the best care and treatment in our community. Cancer touches so many lives and that's why we want to do what we can to help St. Joseph Hospital continue to offer the latest and greatest in medicine and technology," said Moeller.

Community Clinic Starts a New Chapter

St. Joseph Hospital established its first community clinic, La Amistad de Jose Family Health Center, in 1986. This was due to the Sisters of St. Joseph of Orange's ongoing commitment to eliminate barriers to care for the most vulnerable members of our community and provide them with top quality medical, dental and vision services.

Since that time, St. Joseph Hospital has continued to adapt and expand our clinic programs to ensure a strong and comprehensive safety net for low-income, underinsured and uninsured individuals in our community. For example, Puente a la Salud Mobile Community Clinics were added in 1996, allowing our caregivers to provide services directly in the communities where individuals live and work.

St. Joseph Hospital just celebrated yet another milestone in October 2018 — the Grand Opening of the new La Amistad Health Center at the Batavia Woods complex in Orange. The renovated 11,000 square-foot space is nearly three times larger than the original clinic on Main Street and will allow us to serve more people.

Several Sisters, community leaders, caregivers, volunteers and philanthropic supporters attended this joyful celebration. St. Joseph Hospital Chief Executive Jeremy Zoch, PhD, MHA, FACHE, welcomed guests and shared a few words about the history and future of the clinic. Bishop Thomas blessed the new facility and the programs.

To learn more about La Amistad de Jose Family Health Center, please visit sjo.org/for-community/care-for-the-poor.

New Foundation Board Members

DON HUNSBERGER

Since the early 1980's, Don Hunsberger has professionally served our community as an estate planning attorney and educator. He has been an active volunteer leader and valued advisor for numerous Orange County nonprofits, including Children's Hospital of OC, Orange Catholic Foundation, Servite High School, Pepperdine University, the Orange and Anaheim YMCAs, the Speech and Language Development Center, St. Joseph Catholic Radio, and OC Boy Scouts. Don is editor of a national estate planning journal and co-author of an estate planning encyclopedia.

Reviewing the broad scope of his volunteer activities in the past 35 years, Don reflects that some of his greatest successes have been helping to strengthen the financial viability of charitable organizations through fundraising. "It is my belief that God wishes us to work as strongly and effectively as we are capable." As a St. Joseph Hospital Foundation Board member, he plans to focus on fundraising which he feels is the most impactful way to support the legacy of the Sisters and the hospital's mission.

GEMMA SEIDL, RN, MSN, MPH, PHN

Gemma Seidl currently serves as St. Joseph Hospital's Executive Director of Critical Care and Medical Surgical Services. She has been a valued leader at the hospital since 2008, earning our Values in Action Award for Excellence in 2014. Gemma received her Bachelor of Science in Nursing in the Philippines in 1991. A continuous learner, she earned a Masters of Science in Nursing Administration at California State University, Fullerton (2007) and a Masters of Public Health at Aristotle University (2009).

She identifies with our Providence St. Joseph Health promise, "Know me, care for me, ease my way." This is why she became a nurse. Gemma's focus is advocacy for the community and she hopes to expand her service as a liaison between the community and our nursing and physician groups.

Gemma and her husband have one teenage son, and enjoy traveling together.

Surgical Innovations

da Vinci® Robotic Reception and Lecture

A travelling da Vinci® Robotic Surgical System made an appearance at the St. Joseph Hospital Center for Cancer Prevention and Treatment on January 30. The da Vinci X is the latest model to be added to St. Joseph Hospital's Robotic Surgery Program. More than 65 generous donors, physicians and caregivers attended this engaging reception and lecture.

Participants were excited to experience for themselves the highly magnified and immersive 3D, high-definition visualization of the robotic system. Sitting at the control console, they “operated” with tiny wristed instruments, picking up miniature colored rubber rings and maneuvering them to simulate the fine motor control and dexterity the surgeon experiences during robotic-assisted surgery. They learned that the robot does not perform the surgery, but rather translates motions from the surgeon’s fingers to the instruments with high precision and eliminates any tremors from the surgeon’s hand.

A panel of St. Joseph Hospital surgeons who specialize in robotic surgery described how they use this technology in each of their medical specialty areas and how it improves patient care. The panel included Robotic Surgery Program Director Abtin Khosravi, MD, general surgery; Brian Palafox, MD, thoracic surgery; Janis Fee, MD, gynecology; and Brian Norouzi, MD, urology.

The presenters spoke about the benefits of robotic-assisted, minimally invasive surgery for patients, which include less blood loss, less scarring, reduced risk of infection and complications, shorter hospital

stays, faster recovery and less pain than traditional surgical approaches.

“The robot not only helps surgeons achieve better surgical outcomes, it also helps reduce strain, especially on the back, neck, shoulders and knees, by allowing surgeons to operate while seated comfortably in an ergonomic position. This has the potential to extend the careers of some very experienced and highly competent surgeons,” explained Dr. Palafox.

Dr. Khosravi provided insight into the rapid growth of robotic-assisted surgery as well as exciting breakthrough technologies on the horizon.

Heidi Daniel, RN, manager of St. Joseph Hospital's Bariatric and Robotic Surgery Programs

concluded the event. “I want to express sincere gratitude and recognition to our faithful donors, whose generosity makes it possible to bring technology to the forefront of health care; and also to members of our medical staff who care tremendously about the patients they serve here at St. Joseph Hospital.”

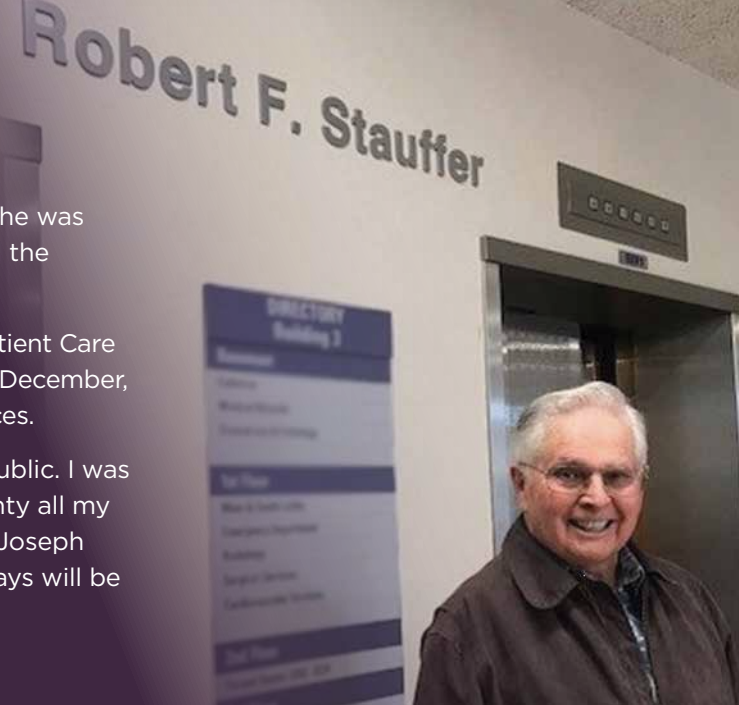

The purchase of the robotic system is the first step in the \$2-million plan to expand the Robotic Surgery Program at St. Joseph Hospital. To learn more, please contact the Foundation at **(714) 347-7900**.

Paying It Forward

Rob Stauffer is no stranger to St. Joseph Hospital. In fact, he was born at the hospital the first year it opened. Both Rob and the Hospital will be celebrating 90 years in 2019!

In the early 2000s, Rob made a decision to invest in the Patient Care Center through three charitable gift annuities (CGAs). Last December, he decided to create another CGA to support cancer services.

Rob said, “I believe the hospital needs support from the public. I was born at St. Joseph Hospital and have lived in Orange County all my life. I don’t want to go to another hospital. I know that St. Joseph Hospital provides quality care and I want to be sure it always will be there for me and our community.”

Charitable Gift Annuities: A Wise Choice Today

One gift. Two important benefits.

- Support for St. Joseph Hospital
- Lifetime income for you or someone you care about

Creativity counts. Make the most of your giving.

The charitable gift annuity is an important giving option because it is a unique, multi-tasking gift. In exchange for your gift to St. Joseph Hospital of cash or appreciated property, we agree to pay a lifetime income to you, or you and someone else. With one gift, you can support St. Joseph Hospital and provide retirement income for you or someone you love.

Know your options and opportunities.

Let us know if we can provide a personal, confidential illustration showing how a charitable gift annuity might work for you. Thank you for supporting St. Joseph Hospital.

For more information, please contact:

Gift Annuity Rates*

AGE	RATE
65	5.1%
70	5.6%
75	6.2%
80	7.3%
85	8.3%
90	9.5%

Example:

Carol, age 80, wants to support St. Joseph Hospital and likes the idea of receiving income from her gift. She gives \$15,000 to set up a charitable gift annuity. In exchange for the gift, we will pay Carol \$1,095 each year for the rest of her life — a payment rate of 7.3 percent. Part of the gift qualifies for a tax deduction if Carol itemizes.

* Please contact our office to verify current rates.

On September 16, 1929, the Sisters of St. Joseph of Orange opened St. Joseph Hospital. Their vision was to establish a brand new hospital that would be the “last word in magnificence and technology.”

Over the past 90 years, the Sisters have accomplished much more than establishing a modern hospital with the most advanced technology — they started a legacy that lives on through our caregivers today.

Ask any of our caregivers what makes St. Joseph Hospital unique and they will likely tell you our distinctiveness is defined by the way we provide care. The tradition of serving our dear neighbor and dedication to providing compassionate care began with our founders. Our core values of Compassion, Dignity, Excellence, Justice and Integrity are ingrained in everything we do, and the culture the Sisters created continues to attract both caregivers and patients to our ministry.

When you visit St. Joseph Hospital, you will notice celebration signs throughout the campus featuring an image of the iconic bell towers on the original hospital (the Sister Frances Dunn Building), as well as phrases that echo our ministry’s history and values.

Cheers to the next 90 years of serving the health care needs of Orange County!

Help Us Celebrate by Sharing Your Memories

We have created a web URL sjo.org/90years and a social media hashtag to celebrate our 90 years of healing with our community.

Please join us by sharing your memories of St. Joseph Hospital on social media using the hashtag #SJO90.

In Appreciation

First Time Donors to St. Joseph Hospital

Through generous pledges and contributions, the individuals, corporations, community organizations and foundations listed below continue to help St. Joseph Hospital expand its mission to improve the health and quality of life of the people in the communities we serve. We would like to recognize all gifts; however, because of space limitations, this list recognizes first-time donors who made outright gifts or pledges of \$100 or more between July 1, 2018 and December 31, 2018. Each gift received is important and makes a significant difference at St. Joseph Hospital. We sincerely thank all of our friends for their philanthropic support.

Supporting St. Joseph Hospital

There are many ways that friends of St. Joseph Hospital can give to help continue providing the best health care to our community. Donors can choose from the following giving options:

- Outright gift via cash or check
- Automatic monthly giving via credit card
- Credit card
- Pledge paid over time
- Tribute gift (to honor a loved one, favorite physician or nurse)
- Memorial gift (gifts of \$1,000 and above are recognized on the Memorial Wall)
- Foundation event tickets, tables or underwriting (such as the Celebration and Golf Tournament)
- Naming St. Joseph Hospital in your will, living trust or estate plans
- Creating a charitable gift annuity, charitable trust or other tax-advantaged gift arrangements
- Gifts of appreciated assets such as securities or real estate
- Direct debit of funds from your checking account to fulfill a pledge
- Donate online at sjo.org/donate
- Vehicle donation through Riteway Car Donation at sjo.org/cars

Individual annual gifts of \$1,000 and above are recognized through Presidential Partners. Corporations and businesses that give cumulative gifts of \$10,000 annually qualify as Corporate Partners. Cumulative gifts of \$10,000 and above are recognized on the Hospital Main Lobby Wall. Donors making cumulative gifts of \$100,000 or more are invited to become members of the Foundation Family Hospitality Program. Estate gifts are recognized by membership in the Sister Frances Dunn Legacy Society. For more information, contact the Foundation at **(714) 347-7900** or at foundation@stjoe.org.
