

## Blue Room Newsletter

### Miss Chilo \* Miss Trinity \* Miss Emma

Can you believe we are headed into March already?! What a fun time of year, as we move forward, we would like to welcome some new friends to our room. Welcome Jerianne, Margot, Emerson, and Amelia. We look forward to getting to know our new friends and their families.

It has been so fun watching the children as they reach different milestones for their age. One of which, is recognizing their first and last names. Spelling their name out loud is a great way to help memorizing the spelling of their name. Another area we have observed growth in is independence. Encouraging your child to help make choices during their day will help them learn to become more independent. Options of clothing to wear, input on meal planning and opportunities for children to do things on their own. This helps create a sense of confidence and pride in your child.

We are excited to see what this month brings. Happy March everyone!

If you have any questions, please feel free to ask. We are here to help.
