Providence Thoracic Surgery Initiative

Accessing standardized TSI care documents in Epic

The six TSI standardized care documents
- TS daily rounding note
- TS discharge summary
- TS esophageal consult
- TS general consult
- TS outpatient visit
- TS pulmonary resection consult

1. Open patient chart
2. Choose “note”
3. Type .tsi and click enter and the 6 standardized TSI care documents will appear.

If you prefer to use the “butler” option – select the icon and type in .tsi.
