HeartCode® Basic Life Support

Course Description:

HeartCode® BLS is a blended learning program designed to provide the American Heart Association (AHA) certification in Basic Life Support for Healthcare Providers. Successful course completion will include completion of HeartCode® BLS Part 1 through HealthStream® or the American Heart Association website and completion of a HeartCode® BLS Skills Lab.

During HeartCode® BLS Part 1 learners complete an interactive, cognitive portion that includes realistic patient scenarios and extensive AHA reference material. After completion of Part 1 learners then take the HeartCode® BLS Skills Lab. During the skills lab the learner will complete an adult and infant BLS check off learning station.

HeartCode® BLS Part 1

Providence employees from mandatory units will have HeartCode® BLS Part 1 assigned to them via HealthStream®. *If you are from a non-mandatory unit please contact the course coordinator to have it assigned.*

Non-employees and medical staff practitioners need to complete HeartCode® BLS Part 1 from the AHA [website](#).

Skills Lab

Providence employees will not need to pre-register for the skills lab. We will have extended skills lab sessions that will give you plenty of time to complete the skills lab and return to your unit. Just **drop in any time** within the scheduled lab sessions with a copy of your Certificate of Completion of HeartCode Part 1.

Non-employees and medical staff practitioners, please contact our course coordinator to enroll in the skills lab at Providence then just **drop in any time** within the scheduled lab sessions with a copy of your Certificate of Completion of HeartCode Part 1.

Registration Fee

- **Non employees—\$75.00**
- **Employees where BLS is not mandatory and Med-Staff Practitioners—no charge. Contact Christina Lovett to register.**
- **Employees where BLS is mandatory and are not participants of the RQI program are required to take the RQI BLS Complete instead of this course. Contact Christina Lovett to set this up.**

Coordinator: Christina Lovett RN, Education Coordinator, Providence Alaska Learning Institute (907) 212-2850 christina.lovett@providence.org

AHA Disclaimer: The American Heart Association strongly promotes knowledge and proficiency in BLS, ACLS, and PALS and has developed instructional materials for this purpose. Use of these materials in an educational course does not represent course sponsorship by the American Heart Association. Any fees charged for such a course, except for a portion of fees needed for AHA course materials, do not represent income to the Association.
