### ***Violence Against Women Reauthorization Act of 2013***

On March 7, 2013, President Obama signed the Violence Against Women Reauthorization Act of 2013 (VAWA) (Pub. Law 113-4), which, among other provisions, amended section 485(f) of the Higher Education Act of 1965, as amended (HEA), otherwise known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act). The Clery Act requires institutions of higher education to comply with certain campus safety- and security-related requirements as a condition of participating in the Federal student financial aid programs authorized by Title IV of the HEA. Notably, VAWA amended the Clery Act to require institutions to compile statistics for incidents of domestic violence, dating violence, sexual assault, and stalking and to include certain policies, procedures, and programs pertaining to these incidents in their annual security reports (ASRs). The statute requires institutions to include this new information in the ASR beginning with the ASR that must be provided to students, employees, and prospective students and employees by December 31, 2020.

The HEA defines the new crime categories of domestic violence, dating violence, and stalking in accordance with section 40002(a) of the Violence Against Women Act of 1994 as follows:

“Domestic violence” means a “felony or misdemeanor crime of violence committed by:

- a current or former spouse or intimate partner of the victim
- a person with whom the victim shares a child in common
- a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner
- a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies [under VAWA]
- any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.”

“Dating violence” means “violence committed by a person

- who is or has been in a social relationship of a romantic or intimate nature with the victim; and
- where the existence of such a relationship shall be determined based on a consideration of the following factors:
  - the length of the relationship;
  - the type of relationship; and
  - the frequency of interaction between the persons involved in the relationship.

“Stalking” means “engaging in a course of conduct directed at a specific person that would cause a reasonable person to

- fear for his or her safety or the safety of others; or
- suffer substantial emotional distress.”

Institutions must make a good-faith effort to include these statistics for these crimes for calendar year 2017 in the ASR. Institutions must also make a good-faith effort to ensure that the statistics for the new crime categories are accurate and complete.
