

Disclosure Process and Fee Explanation Letter

Thank you for allowing Facey Medical Group the opportunity to be your healthcare provider. Please review the following guidelines and instructions to expedite your receipt of your medical records or Radiology requests.

As a patient, you have a right to copies of your medical information. In addition, medical records are legal documents that must be maintained by Facey Medical Group. California law allows a medical group 15 business days to produce copies of your medical records from the date your authorization is received ([CA H&S Code 123110\(b\)](#)).

Under federal and state law, Facey Medical Group or its medical records Release of Information provider, Sharecare Health Data Services, LLC (Formerly BACTES), is allowed to recover certain costs related to making copies of your medical records available to you. The fee we charge is cost-based to include only the labor, materials and postage as allowed by HIPAA and highlighted by the Omnibus Final Rule. The requested output method will impact the cost to you. For all but very small records (10 pages), CD delivery will cost less than printed records so please indicate your preference. **As an example: on a 40 page record that includes, labor, materials and postage it would cost \$10.42 on CD and \$11.84 on paper.** Radiology request fees are different and will apply.

If records are needed for transfer of care purposes and are sent directly to a Physician or other Healthcare Facility, the last 12 months of records will be mailed or sent electronic format free of charge. Email must be provided on the release form.

Please fill out the attached authorization form completely and submit via fax, email, mail or drop off at your nearest Facey location.
