

What is the cost?

You will receive all necessary medical, long-term care, and social services, covered in full by PACE. If you financially qualify for Medicaid services, Medicaid pays for you to be in the program.

Providence PACE is here for those who are:

- age 55 or older;
- able to live in a community setting;
- in need of services for mobility, cognition and/or toileting;
- living in our service area;
- Medicaid eligible or willing to pay privately (premium equals the Medicaid rate).

PACE participants must receive all needed health care (other than emergency services) from the PACE organization or from an entity authorized by the PACE organization. PACE participants may be fully and personally liable for the costs of unauthorized or out-of-PACE services. Emergency services are covered.
