Diagnostic Testing for Suspected PAD | Pg 1 / 1

All content found on this Application was created for health care providers. The content is not intended to be a substitute for professional medical advice, diagnosis, or treatment. Always seek the advice of your physician or other qualified health provider with any questions you may have regarding a medical condition. Never disregard professional medical advice or delay in seeking it because of something you have read on this Application.

If you think you may have a medical emergency, call your doctor, go to the emergency department, or call 911 immediately. Providence St. Joseph Health does not recommend or endorse any specific tests, physicians, products, procedures, opinions, or other information that may be mentioned on this Application. Reliance on any information provided by this Application, is solely at your own risk.
