2022 COMMUNITY BENEFIT SNAPSHOT

We invest in Washington state’s health.

Bringing our Mission to life
At Providence, we are dedicated to improving community health and reducing disparities in the Western U.S. and beyond. Called by our Mission, we are steadfast in serving all, especially those who are poor and vulnerable.

Taking action on health challenges
To achieve our vision of health for a better world, the Providence family of organizations identifies community health needs and invests in programs and meaningful solutions that meet the diverse needs of our neighbors. Alongside local partners, we build stronger, healthier communities by focusing on areas of lasting impact:

- Foundations of health
- Removing barriers to care
- Community resilience
- Innovating for the future

Our longstanding commitment to identify needs and provide community benefit is an essential way we live our Mission each day.

Chief Executive  
Providence Central Division

We’re caring for children during some of the hardest times in their lives. Many kids tell us they feel better after seeing us, and that is one of the best things we can hear.

— STEPHANIE WIDHALM  
Director  
Children’s Advocacy Center
