

CONTINUING DISCLOSURE QUARTERLY REPORT

Information Concerning

PROVIDENCE ST. JOSEPH HEALTH AND THE OBLIGATED GROUP

The Continuing Disclosure Quarterly Report ("the Quarterly Report") is intended solely to provide certain limited financial and operating data in accordance with undertakings of Providence and the Members of the Obligated Group under Rule 15c2-12 ("the Undertaking") and does not constitute a reissuance of any Official Statement relating to the bonds referenced above or a supplement or amendment to such Official Statement.

The Quarterly Report contains certain financial and operating data for the three months ended March 31, 2024. Providence has undertaken no responsibility to update such data since March 31, 2024, except as set forth herein. This Quarterly Report may be affected by actions taken or omitted or events occurring after the date hereof. Providence has not undertaken to determine, or to inform any person, whether any such actions are taken or omitted, or events do occur. Providence disclaims any obligation to update this Quarterly Report, or to file any reports or other information with repositories, or any other person except as specifically required by the Undertaking.

About Providence

Our Organization

Providence St. Joseph Health ("Providence") is a national, not-for-profit Catholic health system comprising a diverse family of organizations driven by a belief that health is a human right. With 51 hospitals, over 1,000 clinics, and many other health and educational services, our health System employs more than 124,000 caregivers serving patients in communities across seven Western states - Alaska, California, Montana, New Mexico, Oregon, Texas, and Washington. Our caregivers provide quality, compassionate care to all those we serve, regardless of coverage or ability to pay.

Continuing an enduring commitment to world-class care and serving all, especially those who are poor and vulnerable, Providence uses scale to create Health for a Better World, one community at a time. We have been pioneering health care for more than 160 years and have a history of responding with compassion and innovation during challenging health care environments, including the recent pandemic. We are reimagining the future of health care delivery in our communities for all ages and populations. Our strategies to diversify and modernize are enabling high-quality, affordable care, including through networks of same-day clinics and online care and services.

We are privileged to serve in dynamic markets with growing populations. We offer a comprehensive range of industry-leading services, including an integrated delivery system of acute and ambulatory care for inpatient and outpatient services, 29 long-term care facilities, 18 supportive housing facilities, over 8,000 directly employed providers, approximately 26,000 affiliated providers, a health plan, senior care, financial assistance programs, community health investments, and educational ministries that include a high school and university.

Providence maintains headquarters in Renton, Washington, and Irvine, California, and is governed by a sponsorship council comprised of members of its two sponsoring ministries, Providence Ministries and St. Joseph Health Ministry. We are dedicated to ensuring the continued vibrancy of not-for-profit, Catholic health care in the United States. As one of the largest health Systems in the United States, our Mission and values call us to serve each person with compassion, dignity, justice, excellence, and integrity reflecting the legacy of the Sisters of Providence and the Sisters of St. Joseph.

The Mission

As expressions of God's healing love, witnessed through the ministry of Jesus, we are steadfast in serving all, especially those who are poor and vulnerable ®

Our Values

Compassion | Dignity | Justice | Excellence | Integrity

Our Vision

Health for a Better World

Our Promise

"Know me, care for me, ease my way."

Our Integrated Strategic & Financial Plan

Guided by our Mission, values, vision, and promise, Providence has developed and adopted an Integrated Strategic & Financial Plan called Destination Health 2025 that serves as our roadmap for accelerating progress toward our vision of Health for a Better World. Supported by three areas of strategic focus, our plan ensures integration between our strategic aspirations and financial capacity.

Strengthen the Core. Providence is focused on delivering a compassionate and simplified experience for patients and consumers by:

- Cultivating an inspiring caregiver experience where everyone feels included and can grow their career
- Providing safe, effective, person-centered care with world-class outcomes
- Delivering a simplified consumer and patient journey

Be our Communities' Health Partner. Providence is focused on improving health outcomes in the communities we serve by:

- Advancing health equity, reducing disparities, and excelling in value-based care via payor and provider partnerships
- Partnering with physicians and providers to broaden access to integrated networks of care
- Strengthening our voice and community investment to activate stakeholders in advocacy, health, and social justice

Transform our Future. Through research, data, and technology, decreasing variability, and modern support services, Providence is focused on transforming care delivery by:

- Growing our innovative health organization, extending the Mission through investments in core, diversified and adjacent businesses
- Optimizing care delivery to ensure a full continuum of affordable, digitally enabled, and innovative models and places of care
- Transforming our workforce to support new models of care

Strategic Affiliations. As part of our overall strategic planning and development process, Providence regularly evaluates and, if deemed beneficial, selectively pursues opportunities to affiliate with other service providers and invest in new facilities, programs, or other health care related entities. Providence also routinely assesses existing partnerships and arrangements with third parties and adjusts as appropriate to best meet community needs. Likewise, we are frequently presented with opportunities from, and conduct discussions with, third parties regarding potential affiliations, partnerships, mergers, acquisitions, joint operating arrangements, or other forms of collaboration, including some that could affect the Obligated Group Members. It is common for several such discussions to be in process concurrently. Providence's management pursues arrangements when there is a perceived strategic or operational benefit that is expected to enhance our ability to achieve the Mission and/or deliver on our strategic objectives. As a result, it is possible that the current organization and assets of the Obligated Group may change.

Providence will continue to evaluate opportunities for strategic growth. Providence does not typically disclose such discussions unless and until it appears likely that an agreement will be reached, and any required regulatory approvals will be forthcoming.

Our Vision: Health for a Better World

Providence continues to invest in Destination Health 2025 to pave the way for our Vision of Health for a Better World through deconstruction, digitization, and diversification of our operating model. Providence launched a series of Recover and Renew initiatives to address those challenges en route to our strategic plan for Destination Health 2025.

Focusing on core operations. Management is deploying multiple recovery programs to address the current challenges:

- Surgical volumes: Efforts are underway to address pent-up demand for surgical and other chronic care
 in our communities. Al-powered tools are helping to more accurately predict and schedule operating
 usage, creating more access to needed surgical care. We continue to meet the need for higher acuity
 services through our clinical institutes.
- Workforce: With current labor shortages, the use of premium labor, including the number and wage rate
 of agency nurses, continues to be significantly higher than in previous years. Several initiatives are
 underway to reduce those expenses in combination with increasing core productivity.
- Patient progression: We continue to manage length of stay to ensure patients receive the care they need
 by addressing challenges to discharge patients due to staffing shortages in the post-acute care setting.
 We are making strides to address the issue through a variety of community partnerships,
 multidisciplinary discharge planning, patient progression, and capacity improvement programs.
- Cash acceleration: Accounts receivable have been negatively impacted by labor shortages, reimbursement delays from insurers, technology transitions, and other macroeconomic factors. Several initiatives are underway to reduce payment friction in payments with the broader payor community. In addition, with large portions of our support services moving to hybrid or virtual work environments, management is evaluating options for underutilized administrative real estate.
- Discretionary spend management: We continue to take steps to improve our operating performance and liquidity, including reassessing current and new capital projects outside of those focused on patient and caregiver safety. We have also reduced discretionary spending including travel, use of third-party contractors, purchased services, and professional services. As demand returns, we are flexing our labor and supply resources to allow us to efficiently and safely provide the services required by our patients.

Portfolio and organizational restructuring. In parallel, management is actively deploying a restructuring and renewal plan to address structural issues medium-term while positioning Providence's core assets for performance across multiple industry scenarios in the years ahead. The System has launched a set of restructuring efforts to renew our operating model and ensure near-term sustainability while delivering on our longer-term Destination Health 2025 strategy. There are four focus areas as part of this effort:

- Simplified operational and clinical structure: Management consolidated administrative leadership from seven regions to three divisions, along with a consolidation of our clinical operations with the intent to steer resource to the bedside and direct patient care and simplify decision-making.
- Streamlined support services: Management is implementing plans to streamline support services by aligning to the new divisional model, evaluating, and optimizing service delivery levels, unlocking efficiencies from technology investment like the transition to a single Enterprise Resource Planning solution and continuing to evolve care delivery and workforce models leveraging virtual capabilities and delivery.
- Program portfolio management: The impacts of the pandemic have influenced many economic factors
 in care delivery, from accelerating technical advancements (virtual and outpatient care) to significant
 macroeconomic pressures associated with workforce shortages and inflation. Management is
 reassessing the services we perform across our ministries over the coming quarters, within the context
 of the current and expected future economic factors, in order to serve our communities in the most
 effective and affordable way possible.
- Reimbursement: As inflationary factors impact our labor and supply expenses, Providence is working
 with the payor community to increase reimbursement across several payment models including valuebased care.

Deconstruct and diversify healthcare. Our Deconstruct and Diversify Healthcare initiatives continue to gain momentum as we look to unlock the value embedded within the Providence platform, including non-acute

care, technology platforms, Information Technology ("IT") services, and other investments. We are currently focused on growing our Value-Based care platforms including leveraging our capabilities in Medicare Advantage. In addition, efforts are under way to grow our value-based care initiatives with other payers, particularly in California. We are also working to increase capacity to meet growing needs across many of our non-acute service lines (Ambulatory, Home and Community Care) and are continuing to evaluate optimal growth and capitalization opportunities.

Our diversification efforts continue to deliver success from our early investments in Truveta, Civica Rx, and Providence Ventures. In addition, our Tegria Holdings LLC ("Tegria") and Ayin Health Holdings, Inc. ("Ayin") divisions continued to drive appreciable revenue growth while creating scalable platforms across IT and population health services, and products for clients and future partnerships. This includes plans to scale our technology capabilities through Providence Global Center to offer advanced health care solutions to other health care providers. This potential new revenue stream will supplement our patient revenues, while advancing our vision by supporting other health systems and their communities. We continue to monetize investments to support the long-term growth and sustainability of the Providence Mission.

Geographic Information

Providence spans seven states across the Western United States shown in the graphic below and is managed through three divisional structures: North (Puget Sound, Alaska), Central (Eastern Washington/Western Montana, Oregon, and West Texas/Eastern New Mexico), and South (Southern California and Northern California).

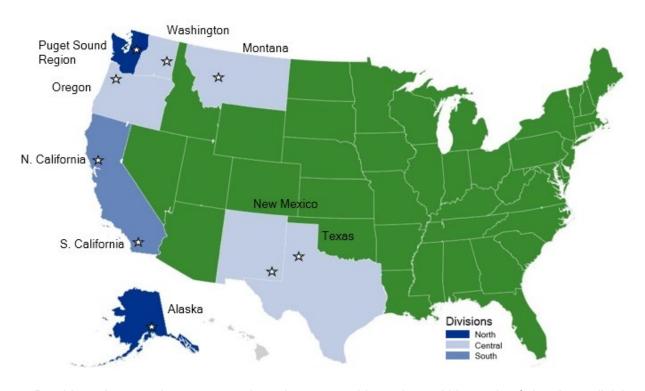

Exhibit 1.1 - Areas We Serve

Providence's operating revenue share by geographic region, within each of the three divisions, is presented for the periods indicated:

	Three Months Ended	
EXHIBIT 1.2 - REVENUE SHARE BY GEOGRAPHIC REGION	3-31-2023 ⁽¹⁾	3-31-2024
North Division		
Puget Sound Region	19%	20%
Alaska	4%	4%
Central Division		
Eastern Washington and Western Montana	12%	12%
Oregon (2)	21%	22%
West Texas and Eastern New Mexico	5%	5%
South Division		
Southern California (3), (4)	27%	26%
Northern California (4)	6%	6%
Other (4), (5)	6%	5%

⁽¹⁾ Includes adjustments to reflect system eliminations by region that were previously classified in Other and prior year reclassifications to align with divisional operating structure.

⁽²⁾ Includes Providence Health Plan ("PHP") by geographic location based in the state of Oregon. PHP is classified as Other on a system consolidated basis.

⁽³⁾ Includes prior year revenue from Providence Tarzana Medical Center that became a joint venture owned and operated under Providence Cedars-Sinai Tarzana Medical Center and is no longer consolidated effective October 1, 2023.

⁽⁴⁾ Normalized for one-time net gains of \$371 million from Tegria's divested subsidiaries and \$55 million from the sale of laboratory services in Orange County and Northern California recognized in the first quarter of 2024.

⁽⁵⁾ Includes Tegria Holdings LLC, Providence Assurance LLC, and support services. Tegria's Acclara and Advata subsidiaries were divested in the first quarter of 2024.

North Division

Puget Sound Region

The Puget Sound region includes three service areas: North Puget Sound, Central Puget Sound, and South Puget Sound, with a total inpatient market share of 27 percent in their service areas in 2022, as reported by the Comprehensive Hospital Abstract Reporting System. In the greater Puget Sound area of Washington, Providence Swedish operates 8 hospitals in King, Snohomish, Lewis and Thurston Counties, and a network of over 200 primary care and specialty clinics throughout the Puget Sound area.

Alaska

The Alaska region includes 5 hospitals and 29 clinics with a 30 percent inpatient market share statewide in 2022, as reported by the Alaska Health Facilities Data Reporting Program. The Alaska facilities are primarily located in the greater Anchorage area, with 49 percent inpatient market share, as reported by the Alaska Health Facilities Data Reporting Program. The Alaska region also has facilities located in the remote communities of Kodiak, Seward, and Valdez. Providence Alaska Medical Center is an acute care facility located in Anchorage and the only comprehensive tertiary referral center in the state. St. Elias Specialty Hospital, a long-term acute care hospital (the only one in the state), is also located in the Anchorage area. Three critical access hospitals are in Kodiak, Seward, and Valdez, all co-located with skilled nursing facilities.

Central Division

Eastern Washington and Western Montana

The Eastern Washington-Western Montana region includes 9 hospitals, with a 42 percent inpatient market share in their service areas in 2022, as reported by the Comprehensive Hospital Abstract Reporting System. The region is composed of two geographic markets: Eastern Washington and Western Montana. The region provides a variety of services, including home health and hospice care, primary and immediate care services, inpatient rehabilitation, skilled nursing and transitional care, and general acute care services.

Oregon

The Oregon region includes 8 hospitals in Portland, Hood River, Medford, Milwaukie, Newberg, Seaside and Oregon City, with a total inpatient market share of 30 percent in their service areas in 2022, as reported by Apprise Health Insights. Providence St. Vincent Medical Center and Providence Portland Medical Center provide tertiary care to the Portland metropolitan market. The region also provides nearly 200 primary care, specialty and immediate care clinics, home health care, and housing.

Providence Health Plan ("PHP") and Providence Health Assurance ("PHA"), collectively the Health Plans are geographically based in the state of Oregon, and the majority of their approximately 700,000 members live in the region.

In August 2023, Providence Oregon closed an agreement for Labcorp to acquire Providence Oregon's outreach laboratory services and select assets. Providence Oregon will maintain operation and ownership of certain anatomic pathology and genomics outreach testing and its hospital laboratories in the region. The organizations have an implementation and transition plan that maintains continuity of services for patients, hospitals, clinicians, and clients.

West Texas and Eastern New Mexico

The West Texas-Eastern New Mexico region includes Covenant Health System and Covenant Medical Group. Covenant Health System and its related Texas affiliates are the market's largest health system, with 7 licensed hospitals. The inpatient market share was 33 percent in their service areas in 2022, as reported by Texas Health Care Information Collection. Covenant Health System operates Covenant Medical Center, Covenant Children's Hospital, Covenant Health Plainview, and Covenant Health Levelland, which are Obligated Group Members. Covenant Health System also operates Covenant Specialty Hospital, a long-term acute care facility, in addition to Grace Health System, which includes Grace Clinic and Grace Surgical Hospital. Covenant Health System also operates Covenant Medical Group, a medical foundation physician network of employed

and aligned physicians, a joint venture acute rehabilitation facility, and Hospice of Lubbock. In New Mexico, Covenant Health System operates Hobbs Hospital, an acute care facility serving Hobbs and the surrounding area.

South Division

Southern California

The Southern California region includes 11 acute care hospitals in Los Angeles, Orange, and San Bernardino counties, with a total inpatient market share of 20 percent in their service areas in 2022, as reported by the Office of Statewide Health Planning and Development. In Los Angeles County, Providence includes six acute care facilities. Our largest hospital, Providence St. Joseph Medical Center, is in Burbank, with additional hospitals in Mission Hills, San Pedro, Torrance, and Santa Monica. Providence Medical Foundation operates more than 50 practice locations in the market, including Providence Facey Medical Foundation ("Facey"), Providence Medical Institute, and Providence St. John's medical foundations. In addition, Providence has 5 acute care facilities within Orange and San Bernardino counties: Apple Valley, Fullerton, Mission Viejo, Laguna Beach, and Orange. Mission Hospital is located on two campuses in Mission Viejo and Laguna Beach, and maintains the region's level II trauma center, as well as a women's center.

In October 2023, Providence and Cedars-Sinai jointly opened a new patient-care tower, Providence Cedars-Sinai Tarzana Medical Center ("PCSTMC"), owned and operated by both organizations through joint venture. PCSTMC operates as a not-for-profit hospital and offers an array of services including heart, vascular, orthopedic, cancer, and women's services, and maintain the region's largest Level III Neonatal Intensive Care Unit.

Northern California

The Northern California region includes 6 hospitals in the North Coast, Humboldt, Napa, and Sonoma communities with a total inpatient market share of 31 percent in their service areas in 2022, as reported by the Office of Statewide Health Planning and Development. The acute care hospitals in Northern California include Providence Queen of the Valley Medical Center in Napa, Providence Santa Rosa Memorial Hospital, Petaluma Valley Hospital, Providence St. Joseph Hospital in Eureka, Providence Redwood Memorial Hospital in Fortuna, and Healdsburg Hospital. Providence Medical Foundation operates clinics in the region with its contracted physician partners.

Other

Other includes support services and other entities. Support services is a support function that includes human resources, finance, information technology, and other services. Other entities include Tegria Holdings LLC and Providence Assurance LLC.

In December 2023, Tegria Holdings LLC entered into a definitive agreement to sell its Acclara and Advata subsidiaries to R1 RCM Inc. ("R1") for \$675 million. As a result of their ownership percentage, Providence received \$575 million in cash upon closing, net of fees and expenses and other customary closing conditions, and a warrant to purchase up to 12.2 million shares of R1 stock at an exercise price of \$10.52, subject to a three-year lock-up period. At the closing of the divestiture, Acclara and Providence entered into a 10-year agreement for comprehensive revenue cycle services, leveraging the integrated technology and services capabilities of R1 to serve Providence. The transaction was completed in January 2024.

Financial Information

The summary unaudited, combined financial information as of and for the three months ended March 31, 2024, and 2023, are presented below. The summary audited, combined financial information as of and for the fiscal year ended December 31, 2023, presented below, has been derived by the management of Providence from audited combined financial information of the System. The financial information should be read in conjunction with the audited combined financial statements of the System, including the notes thereto, and the report of KPMG LLP, independent auditors.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make assumptions, estimates, and judgments that affect the amounts reported in the combined financial statements, including the notes thereto, and related disclosures of commitments and contingencies, if any. System management considers critical accounting policies to be those that require the more significant judgments and estimates in the preparation of its combined financial statements, including the following: recognition of net patient service revenues, which includes contractual allowances; impairment of long-lived assets; valuation of investments; and reserves for losses and expenses related to health care professional and general liability risks. Management relies on historical experience and on other assumptions believed to be reasonable under the circumstances in making its judgments and estimates. Actual results could differ materially from those estimates.

Management's Discussion and Analysis: Three Months Ended March 31, 2024

Management's discussion and analysis provides additional narrative explanation of Providence's financial condition, operational results, and cash flow to assist in increasing understanding of the combined financial statements. The summary unaudited, combined financial information as of and for the three months ended March 31, 2024, and 2023, respectively, are presented below.

Results of Operations

Operations Summary

Operating results for the three months ended March 31, 2024 improved compared to the prior year due to higher volume levels and continued length of stay reduction efforts. Net patient service revenue increased 11 percent for the three months ended March 31, 2024, compared to the same period in 2023 driven primarily by higher demand for patient services and increased rates. The System's higher patient volumes drove corresponding increases in operating expenses that grew at a lower rate compared to the same period in 2023 due to significant reductions in agency contract labor.

Operating EBIDA was \$549 million and the excess of revenues over expenses from operations was \$176 million for the three months ended March 31, 2024 and include net gains of \$371 million from Tegria's divested subsidiaries and \$55 million from the sale of laboratory services recognized in the first quarter of 2024, representing \$523 million and \$521 million improvements to prior year.

Providence's key financial indicators are presented for the periods indicated:

Three Months Ended

EXHIBIT 3.1 - OPERATIONS SUMMARY \$ PRESENTED IN MILLIONS UNLESS NOTED	3-31-2023	3-31-2024
Operating Revenues	\$6,800	\$7,780
Operating Expenses	7,145	7,604
Excess (Deficit) of Revenues Over Expenses from Operations	(345)	176
Operating Margin %	(5.1)	2.3
Non-Operating Gains	228	184
Operating EBIDA	26	549
Operating EBIDA Margin %	0.4	7.1
Premium and Capitation Revenues	1,162	1,216

Net Expense/Case Mix Adjusted Admits	14,257	13,797
Total Community Benefit	\$563	\$410
Full-Time Equivalents ("FTEs") (thousands)	108	109

Volumes

Providence experienced improvement in patient volumes during the three months ended March 31, 2024, compared with the same period in 2023. Inpatient admissions increased 3 percent, acute adjusted admissions increased 4 percent, and case mix adjusted admissions increased 4 percent compared to the prior year. Length of stay decreased 4 percent from prior year due to improved access to post-acute care. In the non-acute setting, physician visits increased 2 percent, home health visits increased 2 percent, and outpatient emergency room visits increased 2 percent compared to the prior year. Total outpatient visits were lower overall by 2 percent compared to the prior year due to the impact of outpatient volumes included in the first quarter of 2023 related to Providence Oregon's outreach laboratory services which was sold in August 2023.

Providence's key volume indicators are presented for the periods indicated:

Three Months Ended

EXHIBIT 3.2 - SYSTEM UTILIZATION DATA PRESENTED IN THOUSANDS UNLESS NOTED	3-31-2023	3-31-2024

Surgeries and Procedures	171	171
Acute Average Daily Census (Actual)	6,835	6,719
Providence Health Plan Members	701	713

Operating Revenues

Operating revenues of \$8 billion for the three months ended March 31, 2024 grew 14 percent compared to the same period in 2023. Excluding one-time net gains of \$426 million recognized in other revenues in the first quarter of 2024, total operating revenues grew 8 percent compared to the prior year. Net patient service revenues were \$6 billion for the three months ended March 31, 2024, growing 11 percent compared to the same period in 2023, driven by higher volumes and improving rates. The System experienced growth in all areas as Hospital revenues grew 11 percent; Physician and Outpatient revenues grew 5 percent; Health Plans and Accountable Care revenues grew 4 percent compared to the same period in prior year.

Providence's operating revenues by state are presented for the periods indicated (footnotes appear beneath last table):

Total Operating Revenues	\$6,800	\$7,780

- (1) Includes revenue recognition of reimbursements from state provider fee programs of \$361 million for the three months ended March 31, 2024, compared with \$95 million in the same period in 2023.
- (2) Includes one-time net gains of \$371 million from Tegria's divested subsidiaries and \$55 million from the sale of laboratory services recognized in the first quarter of 2024.
- (3) Excludes premium and capitation revenues as they are categorized among the line items that comprise Total Revenues from Contacts with Customers. Refer to Exhibit 2.1 for the components of Total Operating Revenues.
- (4) Refer to Exhibit 8.3 for supplementary information on net patient service revenue payor mix driven by patient utilization.

Operating Expenses

Operating expenses increased 6 percent for the three months ended March 31, 2024, compared to prior year, driven by costs associated with serving higher patient volumes. Salaries and benefits expenses increased 4 percent for the three months ended March 31, 2024, compared with the same period in 2023, as wage increases were offset by lower premium labor expenses. Agency contract labor decreased 42 percent for the three months ended March 31, 2024, compared to the same period in 2023 due to reduced rates and lower utilization. Supplies expense increased by 5 percent compared with the prior year, driven by a 12 percent increase in pharmaceutical expense, and benefitting from a 12 percent decrease in non-medical supply costs.

Non-Operating Activity

Non-operating gains were \$184 million for the three months ended March 31, 2024, compared with non-operating gains of \$228 million for the same period in 2023. The decrease was driven by lower investment gains of \$205 million for the three months ended March 31, 2024, compared with \$259 million in the prior year.

Liquidity and Capital Resources; Outstanding Indebtedness

Unrestricted Cash and Investments

Unrestricted cash and investments totaled approximately \$8.6 billion as of March 31, 2024, compared with \$8.4 billion as of December 31, 2023. Investment gains along with the sales of Tegria's divested subsidiaries and laboratory services in California contributed to the gains, while accounts receivable remains elevated compared to historic trends. Net days in accounts receivable were 53.7 days at March 31, 2024, compared with 48.8 days at December 31, 2023. Primary factors driving the increase were payor processing delays, primarily driven by claim holds to implement newly contracted commercial rates negotiated in the first quarter of 2024, and the cyber security incident impacting Change Healthcare's clearinghouse platform. Action plans focusing on the reduction of billing and appeal backlogs, and the implementation of an escalation process targeting excessive payer processing delays continue to be refined and expanded.

In 2023, Providence issued the Series 2023A, B & C private placement notes totaling \$383 million, the proceeds of which were used to reduce balances held on the revolver, pay financing costs, and add approximately \$30 million in net new debt. Additionally, Providence closed on its Series 2023 taxable fixed rate refunding bonds totaling \$585 million. The proceeds were used primarily to refund the taxable Series 2005 and 2013 bonds as well as refund an existing term loan and debt services due in 2023.

System Governance and Management

Corporate Governance

Providence serves as the parent and corporate member of PH&S and SJHS. Providence was created in connection with the combination of the multi-state health care systems of PH&S and the SJHS, which was effective on July 1, 2016 (the "Combination"). Providence has been determined to be an organization that is exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code. Prior to the Combination, the sole corporate member of PH&S was Providence Ministries, which acted through its sponsors, who are five individuals appointed by the Provincial Superior of the Sisters of Providence, Mother Joseph Province. Similarly, the sole corporate member of SJHS was St. Joseph Health Ministry, a California non-profit public benefit corporation. Providence Ministries and St. Joseph Health Ministry are each a public juridic person under Canon law, responsible for assuring the Catholic identity and fidelity to the Mission of their respective systems. Pursuant to the Combination, Providence Ministries and St. Joseph Health Ministry have entered into an agreement that establishes a sponsorship model through contractual obligations exercised by the parties' sponsors collectively (the "Sponsors Council").

The Sponsors Council retains certain reserved rights with respect to Providence. Among the powers reserved to the Sponsors Council are the following powers over the affairs of Providence (excluding certain affiliates, such as: Providence - Western Washington, Western HealthConnect, Swedish, Swedish Edmonds, PacMed, and Kadlec): to amend or repeal the articles of incorporation or bylaws of Providence; the appointment and removal, with or without cause, of the directors of Providence; the appointment and removal, with or without cause, of the President and Chief Executive Officer of Providence; the approval of the acquisition of assets, incurrence of debt, encumbering of assets and sale of certain property; the approval of operating and capital budgets, upon recommendation of the Providence Board of Directors; and the approval of dissolution, consolidation or merger. Providence has reserved rights over PH&S and SJHS, which powers may be exercised by the Board of Providence. Given the complexity of Providence's governance structure, Providence routinely evaluates and considers alternative governance models to best meet Providence's governance needs.

The following table lists the current members of the Board of Directors of Providence and the Sponsors Council.

	Term Expires		Term Expires
Board of Directors	(December 31)	Sponsors Council	(December 31)

[†] Not eligible for an additional term.

Executive Leadership Team

The following are key members of Providence's executive leadership team.

<u>Name</u> <u>Title</u>

Rod Hochman, M.D. President and CEO Erik Wexler President and COO

Greg Hoffman Executive Vice President and CFO

Anna Newsom Executive Vice President and Chief Legal Officer

On May 15, 2024, Providence announced the retirement of Rod Hochman, M.D. at the end of 2024 and moves into a CEO emeritus position effective January 1, 2025. Meanwhile, the Providence St. Joseph Health Board of Directors has initiated a process for selecting the next CEO, who will continue the momentum established by Dr. Hochman.

Environmental, Social, and Governance Standards

Providence continues to execute on our integrated strategic and financial plan, which clearly expresses our commitment and acceleration of the important work to address social, racial, and economic disparities and reduce our carbon footprint in the communities we serve. Providence advances progress on our carbon negative goal and in 2023 we estimated that we decreased emissions by over 12 percent compared to our 2019 baseline. In addition, our efforts led to the introduction of the Green Hospitals Act, legislation modeled after Providence that would provide critical federal funding to weatherize and modernize health care facilities. Providence completed a comprehensive climate resilience plan in alignment with our commitment to the US Department of Health and Human Services Climate pledge. We continue to reduce greenhouse gas emissions with a focus on LED lighting upgrades, water conservation, more efficient delivery of nitrous oxide gas during anesthesia, and advancing our waste optimization work across all hospitals and clinics.

Support Services

Corporate officers and supporting staff oversee the management activities performed on a day-to-day basis by the management staff of each region. The Chief Financial Officer of Providence and Finance staff oversee the annual budget and multi-year planning activities of the organization, including capital allocation. Other areas in which the corporate staff provides centralized services or coordinates the activities of the service areas include legal affairs, information services, insurance and risk management, treasury services, real estate strategy and operations, marketing, supplies management, technical support, fund-raising, quality of care, medical ethics, pastoral services, mission effectiveness, human resources, planning and policy development, and public affairs, among others.

[‡] Eligible for one additional three-year term.

[△] Eligible for up to two additional terms.

Obligated Group

Providence and the other entities so designated in the Glossary are currently Obligated Group Members under the Master Indenture.

For the three months ended March 31, 2024, the unaudited combined operating revenues, and total assets attributable to the Obligated Group Members were approximately 84 percent and 87 percent, respectively, of Providence's totals. For the fiscal year ended December 31, 2023, the audited combined operating revenues, and total assets attributable to the Obligated Group Members were approximately 81 percent and 85 percent, respectively, of Providence's totals. Refer to Exhibit 8 for supplementary information on the Obligated Group Members.

Providence is the Obligated Group Agent under the Master Indenture. Under the Master Indenture, debt incurred or secured through the issuance of Obligations under the Master Indenture are the responsibility, jointly and severally, of the Obligated Group Members. Pursuant to the Master Indenture, Obligated Group Members may be added to and withdrawn from the Obligated Group under certain conditions described in the Master Indenture. Indebtedness evidenced or secured by obligations issued under the Master Indenture is solely the obligation of the Obligated Group, and such obligations are not guaranteed by, or are the liabilities of, Sisters of Providence, Mother Joseph Province, any other Province of the Sisters of Providence, Sisters of St. Joseph of Orange, the Roman Catholic Church, or any affiliate of Providence that is not an Obligated Group Member.

Obligated Group Utilization

The Obligated Group's key volume indicators are presented for the periods indicated:

Outstanding Master Trust Indenture Obligations

As of March 31, 2024, Providence had Obligations outstanding under the Master Indenture totaling \$7.5 billion. This excludes Obligations that secure interest rate or credit facilities. The Obligations outstanding under

the Master Indenture relating to tax-exempt and taxable bond/note indebtedness are described further in the Note 8 to the Combined Audited Financial Statements for the fiscal year ended December 31, 2023.

Certain of the outstanding Obligations secure tax-exempt bonds previously issued for the benefit of one or more Obligated Group Members (collectively, the "Direct Placement Bonds") that were purchased directly by commercial banks. Certain other of the outstanding Obligations secure taxable loans and lines of credit previously incurred on behalf of the Obligated Group (the "Taxable Loans") from one or more commercial banks or a syndicate of banks. Certain other of the outstanding Obligations secure payment obligations relating to a letter of credit facility (the "Credit Facility") issued by a credit bank for the benefit of, or by, certain Obligated Group Members. The financial covenants relating to the Direct Placement Bonds, the Taxable Loans, and the Credit Facility are substantially consistent with the covenants in the Master Indenture. In addition to financial covenants, the Direct Placement Bonds, the Taxable Loans, and the Credit Facility include events of default that may cause an acceleration of the Obligations secured thereby, and, in turn, all Obligations secured by the Master Indenture. Certain documents relating to the Direct Placement Bonds, the Taxable Loans, and the Credit Facility containing these financial covenants and events of default are available for review on EMMA (http://emma.msrb.org).

Control of Certain Obligated Group Members

General

Providence is the sole corporate member of PH&S and SJHS. PH&S is the sole corporate member of Providence - Washington, Providence - Southern California, Providence - Montana, and Providence - Oregon. Providence - Southern California, in turn, is the sole corporate member of LCMASC and Providence - Saint John's. Providence - Montana is the sole corporate member of Providence - SJMC Montana. Providence Ministries is the co-corporate member, alongside Western HealthConnect of Providence - Western Washington. Western HealthConnect is the sole corporate member of Swedish, Swedish Edmonds, Pac Med, and Kadlec.

SJHS is the sole corporate member of SJHNC and, as more fully described hereinafter, a corporate member of St. Joseph Orange, St. Jude, Mission Hospital, St. Mary and CHS.

Northern California Region

SJHS is the sole member of St. Joseph Health Northern California, LLC, which operates the hospital facilities known as Providence Santa Rosa Memorial Hospital, Providence Queen of the Valley Medical Center, Providence St. Joseph Hospital, and Providence Redwood Memorial Hospital. The corporate entities of Providence Santa Rosa Memorial Hospital, Providence Queen of the Valley Medical Center, Providence St. Joseph Hospital, and Providence Redwood Memorial Hospital, each a California nonprofit public benefit corporation (collectively, the "Hospitals") transferred their assets to SJHNC effective as of April 1, 2018. Effective December 31, 2019, those four remaining corporate entities in connection with this reorganization were dissolved.

West Texas/Eastern New Mexico Region

SJHS and Lubbock Methodist Hospital System ("LMHS") are the corporate members of CHS. CHS is the sole corporate member of CMC, Covenant Levelland and Covenant Plainview. LMHS is not an Obligated Group Member and is not obligated for payment with respect to the Bonds.

CHS was formed in 1998 pursuant to an affiliation between SJHS and LMHS and its affiliates, pursuant to which CHS became the sole corporate member of certain entities previously affiliated with LMHS and, together with certain of such entities, joined the Obligated Group to which SJHS and its affiliates were party.

CHS is governed by a 19-member board of directors. LMHS and SJHS each appoint eight directors. SJHS also appoints the Chief Executive Officer of CHS, who is an ex-officio voting director. The CMC Chief of Staff and Covenant Children's Hospital Chief of Staff also serve as ex-officio voting directors. SJHS has extensive authority with respect to the financial affairs of CHS and its subsidiaries, including, but not limited to, the approval of budgets of CHS and its subsidiaries and selection and retention of auditors.

As part of the affiliation, SJHS, CHS and LMHS entered into an agreement that significantly restricts the ability of SJHS to sever its relationship with CHS and the entities formerly affiliated with LMHS. Under certain circumstances, it also restricts CHS and SJHS from a wide variety of transactions (the "Covered Transactions"), including: (i) certain management agreements, leases, joint ventures and other transactions that might have the effect of transferring control of Covenant Medical Center or all assets of CHS and its subsidiaries to an unrelated third party, or in a manner that voids or reduces LMHS's right, as a member, to appoint directors; (ii) a sale, transfer or conveyance of all or substantially all of CHS' assets (including all of CHS' affiliates, taken in the aggregate); (iii) an affiliation, management agreement, lease or joint venture under which a third party acquires the right to control CHS, as a whole; or (iv) any other transaction in which the ability to appoint and remove more than 50 percent of the directors of CHS is transferred to a third party.

In the event SJHS or CHS undertakes a Covered Transaction, they are obligated to provide notice and information to LMHS and to make a "reciprocal offer" to LMHS, including an offer to purchase LMHS's membership rights in CHS and a simultaneous obligation to offer CHS' membership rights to LMHS at the same purchase price, adjusted upward by a formula that reflects the dissolution percentages Pursuant to the terms of the affiliation, the dissolution percentages are SJHS - 57 percent; LMHS - 43 percent.

Other Information

Non-Obligated Group System Affiliates

In addition to the Obligated Group Members, Providence includes: health plans; a provider network; numerous fundraising foundations; Tegria Holdings LLC, a for-profit entity that provides technologies and services to the health care sector; various not-for-profit corporations that own and operate assisted living facilities and low-income housing projects, including housing facilities for the elderly; and the University of Providence formerly known as University of Great Falls, located in Great Falls, Montana. Providence also includes multiple operations involving or supporting home health, outpatient surgery, imaging services and other professional services provided through for-profit and non-profit entities that are not part of the Obligated Group. These entities are organized as subsidiaries of Providence, partnerships, or joint ventures with other entities. Obligated Group Members also may engage in informal alliances and/or contract-based physician relationships. Affiliates that are not Obligated Group Members are referred to in this Quarterly Report as the Non-Obligated Group System Affiliates that are of significant operational or strategic importance and other Non-Obligated Group System Affiliates are discussed elsewhere in this Quarterly Report only to the extent they are viewed by management to be of operational or strategic importance.

Providence Clinical Network

The Providence Clinical Network ("PCN") is transforming clinical care across the continuum by creating a personalized and connected delivery system serving patients across the Western United States. PCN includes our medical groups, same-day care services including urgent care, ExpressCare, ambulatory surgery and imaging; and four system Clinical Institutes: Heart, Neuroscience, Women's and Children, Cancer and Digestive Health. Our medical groups include: Providence Medical Group, serving Alaska, Washington, Montana, and Oregon; Swedish Medical Group, and Pacific Medical Centers, each with staffed clinics throughout Washington's greater Puget Sound area; Kadlec, serving southeast Washington; Providence St. John's Medical Foundation, Providence Medical Institute, and Providence Facey Medical Foundation in Southern California; Providence Medical Foundation in Northern and Southern California; and Covenant Medical Group, and Covenant Health Partners in West Texas and Eastern New Mexico.

In January 2024, the Providence Clinical Network reached an agreement to sell six clinical laboratory draw stations and testing centers in Orange County and Northern California to Labcorp. Providence will maintain several outpatient testing services at the affected acute care ministries that support pathology, cytology, transfusions, and hospital perioperative testing. Inpatient and emergency department testing will also continue, along with lab testing connected to Providence's outpatient departments' patient care. This change is intended to support the goal of focusing on our strengths of delivering care, while partnering with other healthcare organizations to provide ancillary services.

Population Health Management

Population Health Management forms a vital pillar in achieving our strategic plan of transforming care, delivering value-based care, and creating healthier communities together. Our goal is to maximize the health outcomes of the people in our defined populations and communities through the design, delivery, and coordination of affordable quality health care and services. We provide products, tools, and services to maximize value-based reimbursement and increase quality outcomes. We integrate solutions to address social determinants of health and eliminate health inequities. We build community partnerships to increase access to health services, and support needed by vulnerable communities.

Population Health Management focuses on a family of services, including Value-Based Care, Risk Sharing & Payments Models, and Government programs (Medicaid and Medicare) that support our Providence divisional care delivery systems.

Providence Health Plan

Providence Health Plan is a 501(c)(4) Oregon non-profit health care service contractor, and Providence Health Assurance is a wholly owned subsidiary of PHP. Providence Plan Partners is a 501(c)(4) Washington non-profit corporation.

The Health Plans provide services to a wide range of clients, including self-funded employers, and insurance coverage for large group employers, small group employers, individual and family coverage under the Affordable Care Act, Medicare Commercial, Medicare Advantage, Managed Medicaid risk administration, pharmacy benefits management, workers compensation services, and network access services under preferred plans. Providence Health Plan members reside in 49 states nationwide.

Ayin

Ayin Health Holdings, Inc. is our population health management company that provides a comprehensive suite of services to employer, payer, provider, and government clients. Ayin is a for-profit, non-risk bearing entity providing administrative and clinical services in multiple states and incorporated in Delaware.

Home & Community Care

Home & Community Care is a trusted partner for individuals and families. Our community-based care and services are geared to help in times of need, aging and illness, and at the end of life. We provide a full range of post-acute services, including assisted living, skilled nursing and rehabilitation, home health, home infusion and pharmacy services, home medical equipment, hospice and palliative care, Program of All-Inclusive Care for the Elderly locations, supportive housing, and personal home care services. As our Mission calls us to serve the most vulnerable and poor members of our community, we provide a full range of services and support to more than 30,000 patients, participants, and residents each day. The demand for these services continues to increase in the markets we serve, creating opportunities for continued growth, innovation, and investment.

Tegria

Tegria Holdings LLC is a Providence-owned global healthcare consulting and services company that partners with provider and payer organizations to transform healthcare. From strategic advisory and operations consulting to managed services, Tegria offers end-to-end solutions to drive transformation in the following areas: revenue cycle and experience, care operations, enterprise systems and services, infrastructure and cloud, data and analytics. By helping its clients drive growth, enhance experiences, and foster collaboration, Tegria is supporting the creation of more accessible, efficient, and integrated healthcare system. Tegria's team of more than 1,500 professionals delivers outcomes for more than 500 clients across the United States and internationally.

In January 2024, Tegria Holdings LLC completed the sale of its Acclara and Advata subsidiaries to R1 for \$675 million. Upon closing of the transaction, Providence entered into a 10-year agreement for comprehensive revenue cycle services from Acclara that remains in progress.

Litigation

Certain material litigation may result in adverse outcomes to the Obligated Group. Obligated Group Members are involved in litigation and regulatory investigations arising in the course of doing business. After consultation with legal counsel, except as described below, management estimates that these matters will be resolved without material adverse effect on the Obligated Group's future consolidated financial position or results of operations.

On February 3, 2022, the Washington State Attorney General's Office filed a complaint against Providence Health & Services - Washington, Swedish Health Services, Swedish Edmonds, and Kadlec Regional Medical Center, seeking injunctive relief and civil penalties for alleged violations of the Washington State Consumer Protection Act related to the administration of the financial assistance program. After ongoing discovery and settlement negotiations, the parties reached a settlement agreement on February 1, 2024. The settlement includes the following actions to be taken by Providence: (1) payment plus interest to identified patients who may have qualified for financial assistance, but had not completed the financial assistance application process; (2) write off of any outstanding balances for these individuals; (3) payment to the Washington State Attorney General's office; and (4) implementation of a streamlined process to provide all patients with information about financial assistance and how to apply using simple language aligned to our organizational values.

On April 11, 2022, the U.S. Department of Justice, the Washington Office of the Attorney General and Providence Health & Services - Washington entered into a Settlement Agreement and Corporate Integrity Agreement to resolve allegations raised by a relator regarding the False Claims Act arising out of the actions of two physicians at one Providence hospital in the southeast region of Washington State. These physicians are no longer practicing at any Providence hospital. Providence agreed to settle the litigation, without admitting fault, to resolve these matters expeditiously, which Providence believes is in the best interest of our caregivers and patients. Providence cooperated fully with the government throughout the investigation.

On March 13, 2024, the United States Department of Justice filed a complaint against six health plans participating in the Uniformed Services Family Health Plan ("USFHP") program, including PacMed Clinics ("PacMed"). The government alleges the health plans violated the False Claims Act by retaining overpayments paid by the government. This case is a government contracts dispute. PacMed negotiated and agreed on rates with the government every year. The government paid PacMed exactly the amount that the parties negotiated, and that the government agreed to pay. The quality of the patient care that PacMed provided, and patient billing, are not at issue in this case, it is purely a payment dispute. At this time, no determination can be made as to whether such litigation will have a material adverse effect on Providence, financial or otherwise.

On April 8, 2024, Providence went to trial in the wage and hour class action matter of Bennett v. Providence Health & Services. The jury found against Providence and issued a verdict in favor of Plaintiffs. With the utmost respect to the trial court and jury, Providence believes the verdict resulted from erroneous rulings and misstatements of the applicable law; this result was not unexpected at the trial court level. The case involves a novel issue that has not been decided by the Washington Court of Appeals, and Providence, along with several other employers in the state of Washington, are appealing the verdict to the Washington Court of Appeals. At this time, no determination can be made as to whether such litigation will have a material adverse effect on Providence, financial or otherwise.

Several civil actions are pending or threatened against certain affiliates, including Obligated Group Members, alleging medical malpractice. In the opinion of management of Providence, based upon the advice of legal counsel and risk management personnel, the currently estimated costs and related expenses of defense will be within applicable insurance limits or will not materially adversely affect the financial condition or operations of Providence.

Employees

As of March 31, 2024, Providence employed more than 124,000 caregivers. Of Providence's total employees, approximately 34 percent are represented by 20 different labor unions.

Providence strives to provide employees market-competitive salaries and benefits. Management believes the salary levels and benefits packages for its employees are competitive in all the respective markets. Leadership of each of the separate employers within Providence is working to ensure the compensation and

benefits are modern and reflect competitive market practices. This will require continued negotiations with unions representing employees in some markets throughout 2024. Management is also aware of ongoing organizing efforts by labor unions within the health care industry, including in markets where the separate employers within Providence operate.

Community Benefit

Our community benefit program is a vital part of our vision. It includes free or low-cost care (charity care) and the costs of uncompensated care for Medicaid and other government-funded programs, along with proactive investments such as subsidized health services, education, and community health improvement. Each year, we take a holistic approach to community building by identifying unmet needs and responding with tailored community benefit investments designed to improve health and well-being.

Building on our commitment to care for those who are poor and vulnerable, we invested \$410 million in community benefit in the three months ended March 31, 2024, compared with \$563 million in the same period in 2023. Our unpaid costs of Medicaid totaled \$261 million for the three months ended March 31, 2024, compared with \$426 million for the same period in 2023.

Total Community Benefit	\$563	\$410

Providence Information Security Program

Providence's information security program consists of over 200 full-time employees. The information security team's global reach enables 24/7 coverage of IT risks and real-time defense of Providence's information ecosystem. Providence's cybersecurity program has adopted the National Institute of Standards and Technology Cyber Security Framework as the foundational model for organizing the team's strategy, with policies and standards aligned to a controls-based framework based on NIST 800-53. Standardizing the program on this framework and rooting the program in controls-based policies allows the system to measure cybersecurity maturity and update controls as the IT risk landscape evolves. IT risk is quantified and tracked in the Cyber Balance Sheet operational tool, which combines real-time telemetry from enterprise IT and cybersecurity tools with risk-weighted measurements. This approach allows for risk-informed decision-making within the IT organization and the Providence Board of Directors.

Insurance

Providence has developed insurance programs that provide coverage for various insurable risks utilizing commercial products and self-insurance using a captive insurance company with reinsurance domiciled in Arizona. The program uses benchmarking and insurance, actuarial and finance analytics to guide decisions regarding the types of coverage purchased, the limits or amounts of insurance, and quality of coverage terms. The quality of insurance products is maintained in part by requiring commercial insurers to have an A rating or better from A.M. Best to be on Providence's program. Management reviews strategy at least annually with input from brokers, actuaries, and consultants. Funding of captive insurers conforms to regulatory requirements of the domicile. Furthermore, the captive pays the required Washington State premium tax that went into effect in 2021. The major lines of insurance maintained include property, professional and general liability, directors' and officers' liability, employment practices liability, auto liability, fiduciary liability, cyber liability, workers' compensation and employers' liability, and crime.

Accreditation and Memberships

Providence's acute care hospital facilities are appropriately licensed by applicable state licensing agencies, certified for Medicare and Medicaid/Medi-Cal reimbursement, and (except Covenant Levelland,

Providence Seward Medical Center, and Providence Valdez Medical Center) accredited by The Joint Commission. Providence's five hospitals operated by Swedish Health Services are accredited by DNV. Each long-term care facility or unit is licensed by applicable state licensing agencies and is appropriately certified for Medicare and Medicaid/Medi-Cal reimbursement.
