

SAVE THE DATE
ST. JOSEPH HOSPITAL DOCTOR'S DAY
FRIDAY, APRIL 16, 2021, 7 P.M.

More information on how to RSVP is coming soon.
Mark your calendars—you won't want to miss this event!

In celebration of Doctor's Day, join us for a virtual live celebration with keynote speaker ZDoggMD. Zubin Damania, MD, is an internist and hospitalist, performing stand-up comedy and parody videos for medical audiences worldwide. Through song, humor and creative storytelling, Dr. Damania delves into the challenges of delivering compassionate health care in our severely dysfunctional medical system while proposing collaborative ways to revitalize it.

"We are excited to present a very unique and relevant Doctor's Day celebration with keynote speaker ZDoggMD," says Chief of Staff Brian Boyd, M.D. "I first heard him speak at the American Academy of Hospice and Palliative Medicine, where 3,000 people were at times laughing and in tears, and gave him a standing ovation."

To learn more about this very special SJO Doctor's Day guest, please visit zdoggm.com.

Providence COVID-19 and Telehealth Grand Rounds

Providence's clinical and telehealth teams have partnered to host a weekly Grand Rounds series offering learning opportunities on patient care in the pandemic. To find upcoming Grand Rounds events visit caregiverheadlines.org/providence-grand-rounds. Previously filmed Grand Rounds events can also be found there.

Each session in the series will be hosted as a live virtual event via Teams. Attendees are able to ask questions via the chat box only and we encourage attendees to use it freely.

All Providence affiliated MDs have access to the events, which usually take place on Fridays from 1-2 p.m. (Pacific Standard Time).

Physicians who attend the live events can receive accreditation. To receive accreditation for these courses, please find information at caregiverheadlines.org/grand-rounds-accreditation.

www.sjo.org

It's time to vote for *U.S. News* best hospitals and subspecialty recognition! This ranking is important for St. Joseph Hospital and our specialty programs. In 2020, SJO was ranked 11th in the LA/OC region and ranked as 'high-performing' in nine areas. Our goal for 2021 is to rank into the top 10 hospitals in our region. With your help, we can. To vote, log in to your [Doximity.com](https://www.doximity.com) account.

SUBMISSIONS SOUGHT: Please send your news items to: 714-771-8056 or SJOMEDICALSTAFF@stjoe.org

EPIC UPDATE – Provider Training

Training is an important part of our Epic Journey—it is the best way to ensure this transition is as seamless as possible for our patients, caregivers, and partners.

Provider training is now available for Independent Study. The Epic launch will be May 15, 2021.

Training Overview

All Epic training for providers will be online, independent study. You do not need to re-register for training—most physicians can access and complete online, independent study training in HealthStream, “assigned” to your HealthStream account as of Feb. 1, 2021. You do not need to block a specific time for training; it will be at your convenience.

Log-in Video and Training Guides

A log-in video is available at [providence.org/locations/st-joseph-hospital-orange/for-physicians](https://www.providence.org/locations/st-joseph-hospital-orange/for-physicians) under “How to log-

in to Healthstream from a personal computer.” Training guides will be available online at sjhclinicalinformatics.com/epicsignup.htm. The first page of the training guide lists the steps you need to prepare for and complete Epic training; the remainder of the document is supporting information.

There are two guides:

1. Completing Epic Independent Online Training Using a PSJH Computer
2. Completing Epic Independent Online Training Using a Personal Computer

Training Support Services / Questions

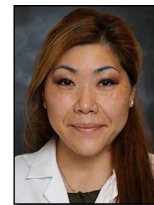

Please “drop in” to the OCHD independent training Virtual Tech Bar for live help with technical issues related to HealthStream access, Citrix and multifactorial authentication (MFA) every Wednesday, 3-5 p.m. Please access the Teams meeting invite by going to sjhclinicalinformatics.com/epicsignup.htm under “Training Support.”

Call the Epic Support Team (EST) at **855-415-8188**.

- Press 4 for St. Joseph Independent Training.
- Press 1 for access and technical issues (network, Citrix, Epic access, HealthStream).
- Press 2 for questions about Epic training curriculum and Epic workflow questions.

If you don't see any “SJH Epic” training in the “assigned” tab on HealthStream, please contact Kris Kitchen at Kristine.Kitchen@providence.org.
