

Patients Served

Amputee rehabilitation services are provided by St. Luke's **specialized team** of physicians, rehabilitation nurses, case management, prosthetists, wound care nurses, dieticians, and therapy staff including physical, occupational, psychology, recreational, speech and other therapists. St. Luke's provided Amputee rehabilitation services to **98 patients** in 2023 and our patients received an average of **3 hours** of therapy per day. Our Amputee Specialty program utilizes a comprehensive, **multi-disciplinary team** that works together to provide the best care possible, by using the newest research and latest technologies to maximize the individual goals and successes of each person.

Peer Mentoring Program

St. Luke's offers a support group for patients in our Amputee program.

To register to attend, please call (509) 473-6681 or email:

slrsupportgroups@providence.org
